Björn Domars

Senior Software Engineer

Turku, Finland • bdomars@0xbd.fi • +358 40 861 5694 • 0xbd.fi

Profile

Software engineer with extensive experience designing, developing and operating production systems. Strong background in backend development with Python, Django, Django REST Framework and PostgreSQL, combined with deep experience in Linux, Kubernetes, networking and infrastructure automation.

Technical Expertise

Development	Python, Go, C, C++, Rust
Web & APIs	Django, Django REST Framework, Angular, Vue.js
Databases	PostgreSQL, TimescaleDB
Infrastructure	Kubernetes, RKE2, Cilium, Argo CD, Docker, Ansible
Observability	Prometheus, Grafana

Professional Experience

Walkbase, a STRATACACHE company 2017–2026
Senior Software Engineer Turku, Finland

- Designed and developed a Go backend for a WireGuard-based VPN, providing client authentication, tunnel configuration and integration with existing device-management systems.
- Developed and maintained backend software and internal tooling in Go and Python.
- Worked across the full software lifecycle, from application and database design to deployment, monitoring and production troubleshooting.
- Developed PostgreSQL-backed applications and managed the supporting database infrastructure.
- Containerized applications as part of the migration to Kubernetes and supported other developers with containerization and deployment.

Walkbase 2015–2017
Software Engineer Turku, Finland

- Developed and maintained a full-stack web application using Django, Django REST Framework and PostgreSQL.
- Developed a single-page application for tracking automated monitoring tickets, using JavaScript and Django REST Framework.
- Developed internal tools and automation in Python and Go.
- Designed and maintained the Linux infrastructure supporting production applications.

Jakobstad Network & Telecom 2010
Summer Trainee Jakobstad, Finland

- Evaluated and prototyped voicemail services using the open-source Asterisk VoIP platform.

The City of Jakobstad, Education Dept. 2009
Summer Trainee, IT Department Jakobstad, Finland

Education

Åbo Akademi University 2011–2018
Bachelor's degree in Computer Engineering Finland

Interests

Amateur Radio — Licensed amateur radio operator (OH1DQQ), active in HF and CW (Morse code). Graduate of the CW Academy Intermediate course.

Music — Violin/fiddle, primarily traditional and folk music.
